

ASO Menu Pricing

from WPS Administrative Services

At WPS Administrative Services, we pride ourselves on making self-funding easy for your clients to understand, implement, and maintain. That's why we're pleased to make ASO Menu Pricing available; it'll give your customers flexibility and an even easier way to self-fund their benefits plan.

ASO Menu Pricing lets your customers pick and choose the services they need, and only the services they need. They can select from the following "menu" of options:

- Administration Fee**—This fee covers essential administrative services, including implementation, enrollment, claims processing, and eligibility maintenance, as well as support from our Customer Service, Underwriting, Actuarial, and Sales departments.
- Network Fee**—Covers access to provider networks including WPS Proprietary Networks, National Provider Networks, and/or Third-Party Networks. This service also covers provider eligibility file maintenance.
- Value Care and Case Management Fee**—Our Medical Affairs staff consists of experienced professionals who specialize in disease case management, care management, precertification, admission review, concurrent review, retrospective review, discharge planning, wellness services, behavioral management, and OB programs. Value Care is URAC accredited for utilization management.
- HIPAA Certificate Fee**—We'll handle the Certificate of Coverage forms mandated by HIPAA so your customers don't have to.
- Subrogation Fee**—WPS can administer subrogation in a variety of ways; we'll work with you to determine the avenue that's best for your customer.
- COBRA Administration Fee**—We partner with Employee Benefits Cooperative (EBC), who will provide customers with updates to state and federal continuation-of-coverage laws and help them administer COBRA coverage. Includes notification and mailing services.
- Non-Standard Reports Fee**—If your client's reporting needs go beyond the basics, we'll work with you to determine a schedule to match.
- Utilization Review (UR)/Pharmacy Benefits Manager (PBM) Non-Medco Fee**—If your client chooses a UR or PBM vendor other than our best-practice partners, WPS Value Care and Medco Health Solutions, Inc., we'll work with your client's vendor of choice under this option.

**The choice is yours with WPS ASO Menu Pricing.
